Subject: InvestUS Update

Dear Investors,

I am sure it has not escaped your notice that the annual returns due to you have not been paid on time as expected. The reason for this is that the project operators encountered a legal matter that stalled the sale of a large number of properties, a legal matter that has since been resolved.

The knock on effect of this is that all returns due this year have encountered a delay that is taking between 3-6 weeks to remedy.

The project operators are hopeful of catching up with the payment of annual returns and at this time we are expecting your returns to be available within the next 3 to 4 weeks. Obviously if we receive any further information on this matter we shall communicate this out to everyone.

While it is disappointing to have any delays of any kind the fact remains that the investment is secured via the ownership of property and its title. Hopefully we shall shortly be able to provide confirmative news that returns are on there way but we will keep you all posted.

Could we please request that this email is forwarded to **ALL** of your SIPP/SSAS clients within the February and March syndicates of InvestUS.

Best Regards,
Richard Chamberlain

Best Regards,
