Subject: InvestUS Update

'Dear Investors.

It was my intention to issue a written update on the current position of the InvestUS Ltd investment. As of today's date there are a number of important questions that remain unanswered by Mr Steve Wright, Director of the operating company InvestUS Michigan LLC.

As you may all know InvestUS Michigan LLC made a decision to suspend the payment of annual returns in order to provide funds for renovations still needed on a number of properties. This suspension was to last approximately four months. We have requested a further statement on this matter and that covering the repayment of original investors capital and await a formal reply.

Finally we have requested full information on the launch of a new fund originated to purchase the properties currently held within the portfolio. As soon as this is received together with the above items referenced above, I shall forward a written report to you all.

Please accept my apologies for the delay which is only due to not receiving answers to questions raised as quickly as I would have hoped. I will keep on pressing for responses.

Kind Regards

Kind Regards,
Richard Chamberlain'

Best Regards,
Leanne Chamberlain
