Dear [salutation],

I am writing regarding your investment in Northwest Landfill.

Your investment is under the management of GDCV Investments. The Lifetime SIPP (Lifetime) undergo annual due diligence on all investments held by its clients. Following the annual due diligence of Northwest Landfill it came to our attention that there was not an up to date valuation of the investment and that the expected returns for the period had not been received. Since then I have been attempting to ascertain an explanation from GDCV as to the current status of the investment.

On 4th February 2015 I was advised by Don Fuller of GDCV that there was a problem with the investment but that he was not at liberty to advise what the issue was. Furthermore he advised me that he would be in a position to disclose the information following a meeting which was due to take place in May 2015. I counselled Mr Fuller of his duty of care to keep investors up to date regarding the investment, to which he advised that at this time there was no need to update investors as there was no concrete information available to provide.

Since May 2015 I have made various attempts to contact GDCV and speak to Mr Fuller regarding the promised update. I have been assured on numerous occasions that I would receive a call back but have yet to receive any communication from Mr Fuller.
