Subject: SCS Farmland and Greengold - Food Water and Energy SA

Dear Investor,

I apologize for not communicating earlier, as promised. And I apologize that this is by way of a 'holding' email, prior to a more substantial email by 12 November 2015.

The reason for the delay is that I have been consulting lawyers about creating a legal structure, which may better represent your interests; and setting this structure in place is taking longer than I expected.

In the meantime, I thank you for your patience.

With best wishes

Robert
